TUDO DE MELHOR PARA VOCÊ E PARA O MEIO AMBIENTE.

Conforto também é estar em equilíbrio com o mundo em que vivemos. É por isso que estamos conectados ao meio ambiente, com iniciativas que geram impacto positivo. Em 2019, conquistamos a certificação FSC, que reconhece o atendimento de toda a cadeia de custódia e fornecimento dentro do conceito de remanejo florestal. As Espumas de PU e os produtos Herval são certificados como ecologicamente corretos, pela utilização de sistemas que limitam a emissão dos gases que agredem a camada de ozônio. Adotamos práticas de responsabilidade social que atendem à grande gama de requisitos da norma AS 8000. Minimizamos a geração de resíduos e, ainda, conscientizamos colaboradores e comunidade para a destinação e processamento adequados de resíduos nos âmbitos fabril e familiar.

ALL THE BEST FOR YOU AND THE ENVIRONMENT.

Comfort is also about being in balance with the world we live in. That is why we are connected to the environment, with initiatives that generate a positive impact. In 2019, we achieved FSC certification, which recognizes the service of the entire chain of custody and supply within the concept of forest management. PU Foams and Herval products are certified as ecologically correct, due to the use of systems that limit the emission of gases that harm the ozone layer. We adopt social responsibility practices that meet the wide range of requirements of the AS 8000 standard. We minimize the generation of waste and also raise the awareness of our collaborators and the community about properly disposing of and processing waste at the industrial and residential levels.

TODO DE LO MEJOR PARA USTED Y PARA EL MEDIO AMBIENTE.

La comodidad también se trata de estar en equilibrio con el mundo en el que vivimos. Por eso estamos conectados con el medio ambiente, con iniciativas que generan un impacto positivo. En 2019 logramos la certificación FSC, que reconoce el servicio de toda la cadena de custodia y suministro dentro del concepto de manejo forestal. Las Espumas de PU y los productos Herval están certificados como ecológicamente correctos, debido al uso de sistemas que limitan la emisión de gases que dañan la capa de ozono. Adoptamos prácticas de responsabilidad social que cumplen con la amplia gama de requisitos de la norma AS 8000. Minimizamos la generación de residuos, y también sensibilizamos a los colaboradores y a la comunidad sobre el destino y tratamiento adecuado de los residuos a nivel industrial y familiar.
